 Safe Area : 51x136mm ( internal bleed )

[Hole Options]

1. none
2. ○
3. ☁
4. ⬭
5. ⬆

**Trim** This line is where we aim to cut (actual cutting line).

**Bleed** 2mm bleed is required for the printing process. Please make sure background needs to extend into the bleed area, the bleed ensures unprinted white edges after trimming.

**Safe Area** Please make sure all important information and graphics are contained in this box otherwise you risk losing it.
